

Sale Name: 1/20/25 - Combined Estate & Consignment Auction

LOT 166 - Collection of Assorted Mineral and Rock Specimens

Description

A diverse collection of mineral and rock specimens, including a variety of types, colors, and formations. The lot includes a tray with assorted smaller specimens neatly organized and larger standalone pieces placed alongside. Some specimens exhibit crystalline structures, layering, or polished surfaces, with one piece featuring a decorative inlay. Items show natural variations typical of geological specimens.

Condition suggests they are well-preserved, though specific details about sourcing, dimensions, or mineral identification are not noted in the listing.
